Dr. Ekrajyoti Barua
The Green Globe

11/10/21, Assam

1. Brief Description of the Organization

The Green Globe is a Non Political, Non- Religious, Non Profit Organization established in 2014 by Rajesh Dutta Baruah with a view of conservation of nature and create livelihood project with the help of needy and poor people. The Green Globe believes that the nature should be conserved in real.

In 8 years of its existence The Green Globe has mobilized not less than 2 Thousand youths, particularly from the rural areas, in different groups with a number of agriculturally based schemes offered mainly by ASTEC government of Assam. The Green Globe has been able to divert mentally pollute youth to a healthy atmosphere full of dignity and work culture.

Our Mission-

To Conserve the Ecosystem, Aware people about climate Change & Global Warming with mass involvement specially children and youth.

Our Vision-

To be passionate towards its mission, provide fair services to its target segments and inculcate passion in save nature towards its activities.

Our Values-

We see The Green Globe to serve & aware more and more people about Nature conservation through livelihood programs

Range of Activities

- To create awareness and Conserve Air, Water, Soil and Wildlife
- To create awareness on Plastic Abuse and its ill effects.
- To create awareness on Waste Segregation.
- Plantation, Transplantation and Maintenance.
- Create awareness on Climate Change, Global Warming,
- Awareness on Reducing Carbon Footprint.
- To create employment through locally grown products.

2. Activities Carried out in 2021-22

a. Plantation and Maintenance Activities

The Green Globe has been actively participating in the plantation activity but we have been trying our level best to maintain/ nurture those saplings till they turn into fully grown Tree. Moreover, The Green Globe is committed to protect Trees by even transplanting too.

b. Workshops and Training program on Eco Friendly Holi

We all know about the ill effects of Chemical Holi powder/ Gulal. This Holi powder consists hazardous chemicals such as Lead, Copper, Cadmium, Chromium, Mercury, Nickel, Asbestos and Powdered glass which creates serious health issues and is harmful for Environment. To solve this serious issue we have been organizing workshop on Preparation of Eco Friendly Holi Powder/Gulal with various Surrounding Self Help Groups. This year also we have organized a workshop on the same in collaboration with Environmental Information, Awareness, Capacity and Livelihood Programs (EIACP), Assam in Barpeta Satra. This workshop helps to generate livelihood. We also installed a stall there to explain and demonstrate visitors of *deol* festival about this eco friendly Holi on

c. Waste to Wealth Program

We believe that some of the plastic wastes that can't be recycled can be used as decorative items and we can prevent waste from going to landfill and reduce the problem of land degradation. We have been organizing different types workshops on "How To Convert Waste to Decorative Item".

d. Awareness and River Cleaning Program

From the very beginning we The Green Globe, have been focusing on the issue of Water Pollution. Rivers are one of the major sources of Fresh Water in Assam. Traditionally, Farmers are using river water in paddy fields for irrigation. So we have been trying to create awareness on this issue through our Social Media Handle and different meetings. Parallely, we understand our responsibility of keeping our Rivers clean, so we often organize River Cleanliness Drives.

e. Rescue and Release of wild animal activities to reduce Man Animal Conflict

Major causes of Man Animal Conflicts are Agricultural Expansion, Human Settlement, Overgrazing by Livestock, Deforestation, Illegal Grass Collection and Poaching. The Green Globe tries to aware people about these causes by creating community level meetings. We also have well-trained rescue team to rescue and release wild animals-specially Snakes.

The Green Globe
Nolbait, Assam

f. Program on Save River Dolphin

The State and National aquatic animal of the Genetic River Dolphin critically endangered due to its habitat destruction and loss of food. Therefore we are trying to make people aware of Dakhin Kamrup and Lower part of mighty Brahmaputra. We have organised several activities to conserve the mammal.

g. Green Audit of College

We, The Green Globe prepared Green Audit for Jagara College and Dhamdhama College of Nalbari District of Assam.

h. Awareness Program on Lifestyle on Environment

Launched by Prime Minister of India- Narendra Modi, the Lifestyle for Environment (LiFE) initiative aims to encourage the adoption of sustainable lifestyles in India and internationally to tackle the challenges of environmental degradation and climate change. The Green Globe conducted various activities under Mission LiFE in different parts of Nalbari District as a District Nodal Agency.

i. Awareness Program on Sustainable Development

To reduce destruction of Nature, Sustainable Development is need of the hour. We organize awareness on sustainable development in different institutions so students- the future citizens of India understand its importance.

j. Awareness program on Climate Change

Climate change is real. Deforestation, River Pollution, Carbon Footprint, excessive use of plastic is the reason many countries are facing climate change today. We organize awareness programs on Climate change and request everyone to adopt sustainable lifestyle.

k. Awareness program on Safe Drinking Water

We aware the people about safe drinking water through different meetings in schools, colleges; Social Media handle etc. With plenty of water surrounding us, we don't understand the value of safe drinking water. In such type of Awareness Camps we also highlight about Grey Water Management which is an important point to concern in this present day to day scenario. In the Rural area, we have been organizing some awareness camps to highlight the basic sanitation points which are important in the respective areas.

President / Secretary
The Green Globe

Nalbari, Assam

l. Awareness program on Scientific use of Single Use plastic and Mobile Dustbin

The whole world is trying to solve the problem of plastic pollution. Keeping this in view, we have been regularly organizing awareness drives about this problem. To solve the problem of Plastic Pollution, preparation of Mobile dustbin is the easy and effective way to adopt habit to reduce the plastic pollution and encourage the mass people specially focuses on the students to reduce the use of one-time used plastic items.

m. Program on World Earth Day

Every year on the occasion of World Earth Day, The Green Globe have been organizing Environment Friendly Activities, Talks, Workshops, Awareness camps etc.

n. Program on World Water Day

As the Global demand for Water increases, it is estimated that two-thirds of the population, in 2025, will live under water stress. According to a projection by the United Nations, by 2040, there can be about 4.5 billion people affected by a water crisis (or water scarcity). Keeping this in view we have been organizing Badge and Poster Campaigns on how to save water for future generations.

o. Program on World Environment Day

Every year World Environment Day is celebrated on 5th June. The Green Globe organises meetings on World Environment Day to make people realize importance of Environment by organising cleaning Drives, Plantation Drives and other Environment related Activities.

p. Program on World Bicycle Day

In Greenhouse Gases, around 76% is Carbon Dioxide. The Carbon Dioxide traps the heat coming from Sun. According to reports, nearly 1000 flights operate in India. Unnecessary use of electronic gadgets, use of fossil fuels is major reason of emitting Carbon Dioxide. Because of this temperature of earth is increasing 2 Degrees every year. We organize meetings where we educate everyone about harmful effects of Carbon Dioxide and encourage them to use Bicycle for short trips, use public transport, not to use Electronic Gadgets unnecessarily and many other Eco friendly Habits which helps to reduce the carbon footprint.

q. **Green Diwali Celebration**

Instead of fire crackers, we celebrate Diwali by distributing Food, Clothes and other necessary items to needy people. We are trying to aware the people about the ill impacts of fire crackers

r. **Flood Relief Distribution**

Assam is heavily affected by flood every year. Over 50 Lakhs people are affected every year. These people are forced to live on road leaving their houses with no clean water, No proper food and other necessary items. We, The Green Globe Distribute necessary items to these flood effected people every year.
