1. Brief Description of the Organization

The Green Globe (TGG) is a Non Political, Non- Religious, Non Profit Organization established in 2014 by Rajesh Dutta Baruah with a view of Conservation of Nature and create Livelihood project with the help of needy and poor people.

In 9 years of its existence The Green Globe has mobilized not less than 3 thousand youths, particularly from the rural areas, in different groups with a number of agriculturally based schemes offered mainly by Volunteerly, ASTEC, PHED, Municipal, government of Assam etc. The Green Globe has been able to divert mentally pollute youth to a healthy atmosphere full of dignity and work culture.

Our Mission-

To Conserve the Ecosystem Aware people about Climate Change & Global Warming with mass involvement specially children and youth.

Our Vision-

To be passionate towards its mission, provide fair services to its target segments and inculcate passion in save Nature towards its activities.

Our Values-

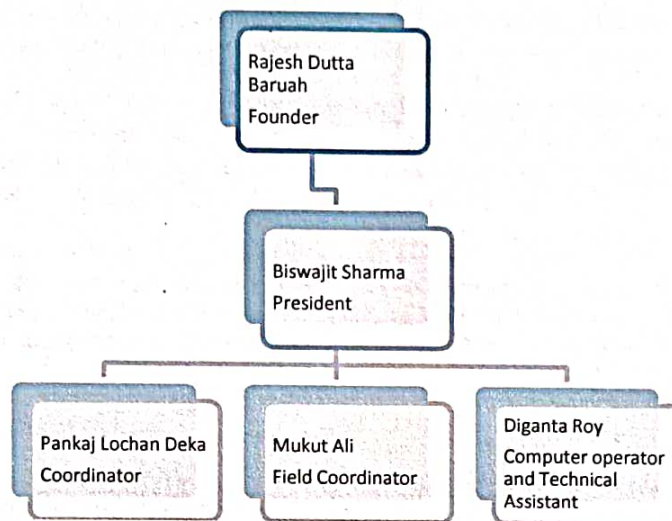

We see The Green Globe to serve & aware more and more people about Nature Conservation through livelihood programs

Range of Activities

- To create awareness and Conserve Air, Water, Soil and Wildlife
- To create awareness on Plastic Abuse and its ill effects.
- To create awareness on Waste Segregation.
- Plantation, Transplantation and Maintenance.
- Create awareness on Climate Change, Global Warming,
- Awareness on Reducing Carbon Footprint.
- To create employment through locally grown products.

22nd APRIL: Celebration of International Mother Earth Day: We don't have Planet Earth B, so, its very much important to protect the environment for our survival. This year, we had organized 3(Three) days long activity to involve the community people and looking forward to get community contribution in this regards.

Day one-We The Green Globe and Dept of Zoology, Nalbari College have organized International Mother Earth Day 2023 with this year Theme "Invest In Our Planet" at Mugkuchi village with the special focused on Conservation of *Tokou (টকৌ)* tree along with the minimize or management of single use plastic through Mobile dustbin etc. We also discussed about importance of Lifestyle for Environment or LiFE.

Day two-The second day, In Barpeta Satra and neighbor area we had planted so many "Flame of Forest (*butea monosperma*) or *Polakh* in Assamese saplings with the help of *Swachh Barpeta, Swachh Tai Sundorota* a unit of green lovers, and also distributed the endangered plants by International Unit for Conservation of Nature (IUCN) from the flowers of this plants the natural fakuwa can be prepare, which was did by our *baisnab bhakat*.

Day three- Previously planted plants nurturing along with our Chief advisor Kumud Chandra Rabha Sir at Barkura, National Highway 17, and other places of Nalbari.

1st June: Awareness Programme on Mission LiFE/ Lifestyle for Environment: Awareness Programme on Mission LiFE in collaboration with Pollution Control Board, Kamrup Regional Office at Haribhanga High School, Tihu, Nalbari

2nd June: Awareness Programme on Mission LiFE/ Lifestyle for Environment: Awareness Programme on Mission LiFE in collaboration with the help of Pollution Control Board, Kamrup Regional Office at Jalkhana Bhatuwakhana High School, Tihu, Nalbari

3rd June: World Bicycle Day: The day was celebrated on 3rd June, to mark the importance of Bicycle for the environment, health and also monetary, and its also helps to reduce the use of fossil fuel, the is major contributor to the Green House Gases (GHG). The initiated was also supported by the Social Forestry Division, where many local people along with the some department's officials participates.

4th June: Awareness Programme on Mission LiFE/ Lifestyle for Environment: Awareness Programme on Mission LiFE at Makhibaha Girls' High School by Pollution Control Board, Kamrup Regional In Collaboration with The Green Globe, Assam

17th June, World Day to Combat Desertification and Drought: This is a very important Day to celebration. Due to the Climate Change a drastic change we can see. In somewhere there are heavy rain which causes of flood and other parts there are drought. On this day we have run a poster campaign through social media to make the eco system healthy by reducing carbon emotion, stop burning plastics, conserve the water etc.

21st June : Celebration of International Day of Yoga: Yoga for "Vasudhaiva Kutumbaka" is essential for human development. We have been observing this day with full enthusiasm. There was a meditation programme at Ananda Vidya Niketan, Nalbari.

22nd June: Observation of World Rainforest Day: The purpose of World Rainforest Day is to emphasize the important role of the rainforest that the rainforest is can make as a "Lung or *Hao Phao* of Earth". The rainforest produces oxygen is an important part of the planet we live in and helps adequately boost carbon dioxide contributing to climate change. The programme was celebrated through Poster in social media.

30th June: Flood Relief Camp: We had organized Flood Relief Camp at the flood affected areas like, *Piplibari Suburi, Bijuli Suburi Tribeni Suburi of Dakhin Bhojkuchi* Village under Tihu Block of Nalbari District of Assam. Where first wave of *Burahdia, Mora Pagladia, Kanaikhunda* rivers water make devastated flood. For as a little relief we have distributed some item like bleaching powder, halogen tablets for water purifier, water, *chira*, sugar, bread, biscuit, mosquito coil, match box, candle etc. among the flood affected people in the region with the help of some well-wishers.

1st to 3rd July, : Observation of International Plastic Bag Free Day: Plastic is a great invention of human. But, mismanagement of this things, often we face problem, and this have been causing some major

President/Secretary
The Green Globe

Nalbari, Assam

environment related issue in our welfare society. We have been observing this day to aware about the smart management and ill-effect of single used plastics (SUPs). On this occasion, we have been distributing cloths bags to minimize the use of SUPs. We are also engaging the local SHGs' women to make cloth bags and distribute among the people and encourage others to use the cloth bags in place of plastic bags. There are some others activities like miking, postering etc. taken to create the mass awareness.

11 July, : International Population Day:

Reduce the crowd over earth for a better future. The increasing population is toxic to the earth's environment, its create unemployment and other problems to everyone life. Overpopulation is the overload on the planet; let's pledge to reduce the load. Birth control is the only solution to population control. On the occasion of World Population Day, an interaction and a rally were conducted lastly a memorandum was sent to the Prime Minister under the leadership of Population Solution Foundation for enforcing the Population Control Act. through District Commissioner of Nalbari.

16th July, World Snake day:

Nature creates Snakes to keep maintain the natural balance. Data says, if there is no snakes then we can live only 19 years on this planet, because snake maintain the pollution of rodent and other harmful animals. Otherwise the harmful animals population will destroy the agricultural corps and we will be suffering in hunger. So, snake maintains the ecology. In other hand the life saving Anti Snake Venom are producing from its venom self.

29th July, International Tiger Day:

Tiger are the protector of the Jungle, they have maintaining the balances of the herbivore. If there is tiger in a jungle the poachers or smugglers of jungle think 100 times before entering in to the jungle. Under the Tiger project there is large number of forest protected in the name of the beautiful creature. So, we have make people and the youth to concern or respect the giant carnivore. Each year we have make aware people through posters and circulate via social media and other sources.

6th to 15th August: Anti Superstition Programme:

With the support from Assam Science Technology Environment Council Awareness Against Superstition, Science Behind Miracle, Anti Superstition Programme was organized at Barpeta and Nalbari districts to aware about common superstition practices have been practicing by us. In the program, our expert had demonstrated some practical activities about the common practices have been prevailing in our society. The activities were Street Play, Kala Journey, Awareness meeting, group discussion, etc.

19August: A Massive Awareness Program on Snake Bites and Its Remedies:

Awareness against superstition was organized by Assam Science Technology and Environment Council and The Green Globe on what should be done, when snakes bite. An exchange of opinion about venomous, mild venomous and venomous snakes found in Assam region, as well as various superstitions related to snakes. Dr. Surjit Giri is a distinguished anesthesiologist renowned for his expertise in snakebite treatment. Even, if a venomous snake bites people don't die, if they get proper treatment on time, along with this statement, Dr. Giri exchanged opinions on various topics and also made the seat of special guests, Nalbari District Commissioner Varnali Deka along with Nalbari Municipal Borad Chariperson, Shri Jayashree. Talukdar, Divisional Forest Officer Mr. Mukut Chandra Das, former Chief Conservator of Forest Mr. Hiranya Sharma. About five hundred people attended this awareness program and interact

14 September: Awareness Programme on Sustainable Development:

An Awareness Program on Carbon Foot Print at Vivekananda Vidya Niketan Tihu. Instead of complaining about hot heat, we must reduce our emissions of carbon footprints or carbon dioxide. Mr. Rajesh Dutta Baruah interacts with the students about the carbon foot print which is emitted by us in every step directly or indirectly. If we stop Global Warming then we must know about our carbon footprint too and also reduce. This called Sustainable Development.

30 September: Formation of Elephant Protection Committee (EPC):

On this day we The Green Globe had started first Elephant Protection Committee or EPC at Jartaluk Village of Baksa, District by the leadership of Pankaj Lochan Deka, coordinator of the organization. The main aim and objectives of the EPC is how to mitigate the Human Elephant Conflicts and other information. Till then we have formed 8 nos. of EPC in Baksa and Nalbari district. In some of this programme Baksa Divisional Forest Officer Ranjit Konwar, Ranger Batabari (i/c) Rajani Doimary, Ranger Nalbari Porismita Sarma was also attend. We have also distributed search light to EPC with the help of WWF, Aaranyak NGO.

11th October: Ayurvedic Health Camp:

Today's children are tomorrow's citizens. A good, healthy-powerful person needs to stay healthy to develop his society and preserve nature. With that purpose, a free health camp was organized at Nalbari Satra MV School regarding Ayurvedic Gold Prashan with the help of Alnavedic (Ayurvedic Medical Organisation). Where 50 children participated and get the benefit.

President / Secretary
The Green Globe

Nalbari, Assam

5th November: What Children Want? State Consultation with Children on Environment and Climate Change:

As per MoU with the Tamulpur College we have been organizing an interaction at Tamulpur College, where secretary Mr. Rajesh Dutta Baruah interacted with the students about the **MOBILE DUSTBIN** to manage the SUPs waste along with converted to wealth the plastic problems. Principal Dr. Jogen Bodo appreciated the steps towards the management of SUPs.

30th & 31st March : Nature Camp:

Farmer (*Annadata*) Sjt. Tapan Dutta Baruah inaugurated the program where 48 nos of 10 Eco clubs schools and colleges are participated. Dr. Sanjiv Goswami sir, Sjt. Kumud Rabha sir, Sjt. Prasanna Kalita (Founder Bonyabondhu), Sjt. Pankaj Lochan Deka Grace the program as resource persons.

We divided all students with five groups *Kesu* (earthworm) *Poruwa* (insect), *Tholuwa Mas* (indigenous fish), *Sorai* (birdS) and *Xap* (snakeS) for exchanging there thoughts.

The main activity of the program were follow:

i. Night stay, ii. Interaction about biodiversity conservation, iii. Fun for Learn where students right drama at spot by themselves about Nature and play, iv. Bird watching and observation, v. Cultural program, vi. Boating etc. The Nature Camp under Environment Education Programme to support Mission LiFE in Assam implemented by Assam Science Technology and Environment Council organised by The Green Globe and supported by Ministry of Environment Forest and Climate Change Govt. of India was held at Barogopal Krishibhumi Meen Udyan, Kendukuchi, Nalbari on 30 & 31 March.

30th & 31st March: Exhibition on Man- Elephant Conflicts / Mitigation:

An exhibition showing Human Elephant Conflict (HEC) mitigation was exhibited by The Green Globe at Bodo Sahitya Sabha (regional) held on 30th & 31st March at *Arnai* resort Nalbari. In the exhibition we exhibited our EPC Model which remains very effective in human elephant conflict mitigation in the parts of Baksa and Nalbari district since last year. The organizer appreciated the exhibition most.

Awareness and River Cleaning Programme:

Rivers the source of fresh water is worsening by various human activities, like solid waste, chemical waste, immersion of *pooja* goods, caracas of animals etc. are directly or indirectly goes to the river by us, which is the cause of river pollution. That is why we human must have to know or realize that we are doing wrong. From 2019 we are working for aware people about not to pollute the rivers as it is one of main source of fresh water. Secondly, we are cleaning some *ghat* of rivers after immersion of idols and others non bio degradable waste.

Save the River Dolphin:

The State and National Aquatic animals Gangetic River (*platanista gangetica*) Dolphin found in very limited rivers, once it was migrate almost in Brahmaputra's all tributaries. But, their habitat destruction and polluted or maybe filling of the beels, pond their food fish, shrimp, prawn, decrease day by day. Basically, wildlife needs food and habitat for living. In Southeast Asia River Kulshi or Kolohi is one of the major habitats. But, due to several human activities the habitat are endanger. So, we are working for the conservation of this indicator species.

Importance of Biodiversity:

Interaction about the importance of biodiversity secretary Rajesh Dutta Baruah interacted with the future generations about the importance of biodiversity conservation along with water, uses of single use plastic etc. at Sishapith High School, Boko, Kamrup (R). Where around 150 students participate the

President / Secretary
The Green Globe

Nalbari, Assam

programme. Teachers of the schools and honrary environment activist Sri Sarangadhar Rabha and othr teachers appreciated the programme.

Beekeeping: As we know that Honey Bee is the one of the most important and helpful living being in this planet, it's also generate employment too by selling of its honey to the people. As per our organization objectives we have promoted these things and working with the Abadari Federation of Farmers Interested Group of Honey Production, Baganpara, we have been distributed Bee box to the cultivator and promoting the pure honey.

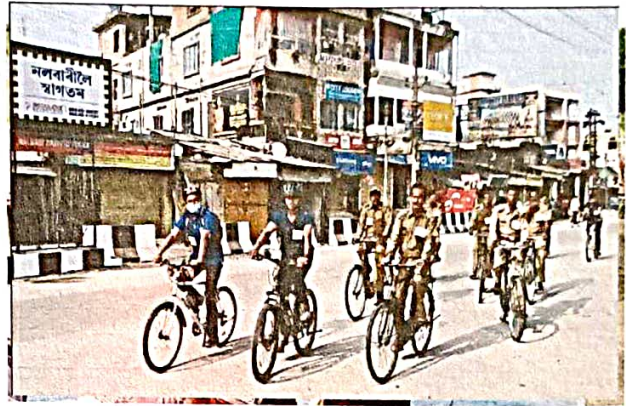

Jal Jeevan Implementation Support Agency: Honorable Prime Minister Narendra Modi launches Jal Jeevan Mission on 15 August, 2019 from Red Ford, New Dehli. The aim of the Mission is to provide safe drinking water to the all rural house hold of India by 2024. To keep it in this mind the state nodal agency in Assam Public Health and Engineering Department recruit some best NGO, Trust etc. to make this objective success as Implementation Support Agency (ISA). In Nalbari dist. we have working in 60 nos. village under 4 development block. Where we mainly focuses Information, Education and Communication (IEC) about Jal Jeevan Mission.

Awareness Programme on Safe Drinking Water and Grey Water Management: Water is life, but all are not. If we drink contaminate water it can be cause of disease. So, we must have to understand the different between safe drinking water and contaminate water. For that we are working to identify the differences of drinking water along with grey water management.

Awareness Programme on Swachhata Hi Seva: Awareness Cum Interaction, Human Chain, Quiz competition Bicycle Rally, Cleanliness drive, River cleaning Programme on Swachhata Hi Seva was organized among the students, teachers, community public, SHG etc. of various parts like Kaithakuchi, Khuida, Naddi, Balikoriya, Amani, Arara, Paila etc. of Nalbari district. Also interactions about the importance of Swachhta along with differences of various dustbins and its uses by Rajesh Dutta Baruah, Laba Kr. Deka, Biswajit Sharma. The programme was supported by Swachh Bharat Mission (G).
