1. Brief Description of the Organization

The Green Globe (TGG) is a Non Political, Non- Religious, Non Profit Organization established in 2014 by Rajesh Dutta Baruah with a view of Conservation of Nature and create Livelihood project with the help of needy and poor people.

In 9 years of its existence The Green Globe has mobilized not less than 3 thousand youths, particularly from the rural areas, in different groups with a number of agriculturally based schemes offered mainly by Volunteerly, ASTEC, PHED, Municipal, government of Assam etc. The Green Globe has been able to divert mentally pollute youth to a healthy atmosphere full of dignity and work culture.

Our Mission-

To Conserve the Ecosystem Aware people about Climate Change & Global Warming with mass involvement specially children and youth.

Our Vision-

To be passionate towards its mission, provide fair services to its target segments and inculcate passion in save Nature towards its activities.

Our Values-

We see The Green Globe to serve & aware more and more people about Nature Conservation through livelihood programs

Range of Activities

- To create awareness and Conserve Air, Water, Soil and Wildlife
- To create awareness on Plastic Abuse and its ill effects.
- To create awareness on Waste Segregation.
- Plantation, Transplantation and Maintenance.
- Create awareness on Climate Change, Global Warming,
- Awareness on Reducing Carbon Footprint.
- To create employment through locally grown products.

President/Secretary

Activities Details of The Green Globe (TGG), 2024-2025

1. Nature Camps:

Two days Nature Camp conducted at Ghoga Beel, Nalbari Assam on 20 & 21st, March, 2025. There were 40 Nos. of students from Eco Club Banbhag Balika High School, Banbhag Khata Dihari Higher Secondary School, Dhamdhama Higher Secondary School and Silpotabari High School along with few local students participated the programme. Before the beginning the programme the all students are exchange in 5 groups name Kesu (earthworm), Sorai (birds), Moumakhi (honey bee), Xap (snake), Tholuwa Mas (indigenous fish).

On the first day there were Inaugural session and Introduce of Lifestyle for Environment or MISSION LIFE (INCLUDING CARBON FOOTPRINT, VERMICOMPOSTING, SOURCE SEGREGATION AND UP-CYCLING OF WASTES etc.) by Biswajit Sharma, President, The Green Globe. Where he also a brief presentation on the camping site, its biodiversity and ecological significance. The next programme was Fun for Learn, where the students got a task that they have to write a drama on Nature Conservation and then they have to play it. The programme was very much effective in the sense of involvement themselves for protection of Nature. Last session of the day screening of Documentary on Forest, Wildlife and Environment.

On the second day early in the morning the students got trekking in to the surrounding area of Ghoga beel leading by the Sri Prasanna Kalita #Bonybondhu, wildlife activist from Dakhin Kamrup, Chhaygaon, where he take class on, how to observe and count birds, during the bird watching there were 49 nos of various birds species counted. Later. He also interacted and introduced the snakes of Assam. Sri Pankaj Lochan Deka, coordinator of The Green Globe and head of the Elephant conservation and research wing interacted with the students about Elephant. At the last session Sri Rajesh Dutta Baruah, secretary and coordinator of EEP, Nalbari Assam interacted about the experience from the students, Sri Jyotshna Deka, Eco Club, Banbhag Balika High School have sharing her feedback that she and her class mate was very helpful from this camp. At the end of valedictory session Dr.Diganta Gowsami attend the programme and distribute the certificates.

The entire programme was graced by the presence of *Annadata* Sri Tapan Dutta Baruah, Sri Hemen Choudhary UDA, Inspector of Schools, Nalbari.

To minimize all type of WASTE, the entire programme is conducted through "ZERO WASTE PRACTICES".

2. International Mother Earth Day Celebration :

On the activity of this auspicious day, a awareness program conducted by Eco Club and Department of Zoology, Nalbari College in collaboration with The Green Globe on 22.04.2024 supported by Ministry of Environment Forest and Climate Change, Govt. of India and Assam Science Technology and Environment Council, Assam. Secretary of The Green Globe, Mr. Rajesh Dutta Baruah interacted with the students about how we can manage the uses of plastics in this time. Plastics are a great invention of humans, but,

President, Secretary
The Green Globe
Nalbari, Assam

human are not use it well so it's going to be a headache now for the entire World, Baruah also show them that how we can manage the single use plastics through MOBILE DUSTBIN. Sri Kumud Ch Rabha, Head of Department Zoology, Dr. Dhiraj Talukdar Coordinator Internal Quality Assurance Cell, Nalbari College, along with Dr. Debasri Tamuli and Dr. Bidyut Das Asst. Professor and students are present at the program.

3. **Vermi Composting Livelihood Program :** As we all know one of the best manure is vermi compost, which is playing a major role in organic farming revolution. TGG has been generating awareness about the importance of vermin compost and its scope as alternative livelihood activities in human elephant conflict areas. We are organizing different levels of awareness program on vermin compost and urge people to accept this simple technology of livelihood.
4. **Awareness on Mitigation of Human Elephant Conflicts (HEC):** We have been organizing different field level awareness campaign in HEC affected areas to reduce conflicts cases. There are different modes of awareness based on the situation demands. There are various sections of awareness campaign like Community Level, Youth Programs, School Level, etc., so that all sections of society can be reached to mitigate HEC. Such type of issue need collective action from all sections of society, we are always collaborate some local NGOs, Rural Local Bodies (RLBs), Forest Departments , etc.
5. **World Honey Bee Day:** This day is observed by our organization to aware the mass people about nature conservation with sustainable livelihood generation. This day is also important to observe to give support to the local bee keepers in rural community level, as they have been practicing a sustainable livelihood modes of income. The observation of this day is also important to give market link of their products which is always an encouraging side of any producers.
6. **District Level Exhibition on Sustainable Products/Models/Ideas :**
District Level Exhibition cum Competition on Sustainable Products/ Models/ Ideas under Environment Education Program (EEP) on the Topic "Sustainable and Waste Free Eco Club Campus" was organised by The Green Globe at Debiram Pathsala Higher Secondary School, Nalbari. The implementation agency of the Program is Assam Science Technology & Environment Council (Assam) and supported by Ministry of Environment Forest & Climate Change, Government of India. Under the Environment Education Program (EEP), there are 29 numbers of schools and colleges participating the program, where 2 (Two) selected representative students from each institutions had demonstrated there Projects/ Models/ Ideas on Sustainable. The top three winners are-
First- Keshab Narayan Jnanpith High School, Second- Asomi High School and Third- Govt. Gurdon Higher Secondary School.

The main concept of the Exhibition is to aware the students about the Waste Management and Segregation. There Model/ Ideas/ Project are based on the Waste to Wealth, so that the ill-impact of single used plastics (SUPs) can be reduced. As, we all know burning of SUPs is a great

Secretary
The Green Globe
Nalbari, Assam

threat to Air Pollution and Global Warming and Nalbari is one of the ranked in Air pollution too. But, this is a common practice for our people living in cities, towns or rural areas. This problem can be solved by proper management of these SUPs by upcycling them to some wealth. Also in the Mid Day Meal (MDM) system there some also generat degradeable waste, which is also can convert to the organic mannure or vermi compost that's the second important concern of the programme too. This exhibition helps them to aware about the proper manage of Single used plastics with is a prime concern for sustainable development. To understand the concept of sustainable development, the main theme is decided by the Ministry is " Sustainable and Waste Free Eco Club Campus".

Inspector of Schools Nalbari Sri Jayanta Thakuria, Sri Malem Sinha Assam Science Technology and Environment Council, Ghy and Principal of Debiram Pathsala Higher Secondary School Sri Ajit Sarma are presented the program and are given their individual speech about Sustainable Development and SUPs which encourages the participants.

- 7. World Bicycle Day:** Every year, we have been observing this day to aware about the importance of cycling need to practice for nature conservation and for healthy life styles. This year, we had organized this day in collaboration with Regional Office, Kamrup: Pollution Control Board, Assam at Nalbari town. A rally was organized from Gordon School Playground, where different schools' students, some local cyclists, delegates from TGG and PCBA. Mr. Dipak Das, one of the famous Assamese Singer and one of the famous cyclist flag off the rally and urged the people to accept the habits of cycling for sustainable life style.
- 8. World Environment Day:** In this financial year, we had organized different activities on the occasion of World Environment Day in two different districts and locations/venues. One we had organized at Rangia Girls Higher Secondary School in Kamrup (Rural) district in collaboration with Regional Office, Kamrup : Pollution Control Board, Assam in this Proff. .Kumud Ch Rabha, HoD, Dept. of Zoology, Nalbari College. Another program we had organized in Tamulpur District at PMSHri Nagrijuli High School in collaboration with North Zone Central Elephant Protection Committee (NZCEPC), Shasastra Seema Bal (SSB), Eco Club, where Sri Ranjit Konwar , Divisional Forest Officer, Baksa grace the programme as a chief guest.
- 9. Awareness Program on Solid Waste Management and Rain Water Harvesting Program :** Solid Waste Management and Rain Water Harvesting are most essential points of discussion in our present society. We have been organized awareness program in all level to aware about the source segregation to manage our solid waste and can adopt some simple methods to harvest our rain water.
- 10. Observation of International Plastic Beg Free Day :** This day is observed to aware about the alarming ill-impact of Single Used Plastic (SUP) Bags to our environment. We have been observing this day by organizing awareness meetings, talks, street plays , so that the message need to be spread in a right way. We have also designed a cloth named "I M MO'NA", and distribute among the people and asked people to refuse and replace SUP Bags. Here we had

President / Secretary
The Green Globe
Nalbari, Assam

engaged some Self Help Groups (SHGs) women to prepare these bags, so that we can give some seasonal livelihood engagement.

- 11. Plantation / Maintenance of Trees :** Every year, we have been planting saplings in a scientific ways and spend lots of efforts and sources to maintain them well. Even we have been maintaining and taking care off others sapling and trees planted by other organization and government agencies. In this year we have been planting more than 5000 saplings under Amrit brikhy Andolan.
- 12. World Population Day:** This day we have been organizing different rallies, poster campaign, talks, etc., to aware about the ill-impact of rising population. We have regularly sending memorandum to Central Government to implement a strict population law to control our population growth.
- 13. Free Distribution of Search Lights to the people of Human Elephants Conflict(HEC):** We as an Environment Related organization have been giving our best effort to support the people living in the vulnerable areas of HEC. We have providing some logistics support to those people who are living in those areas of HEC. These search lights are very fruitful to find the exact location of elephants movement which help to reduce the HEC. We are collaborated with different organizations to cooperate affected people with these logistics items.
- 14. World Snake Day :** "Emphasizes the critical role snakes play in the environment and how they can be good neighbours by controlling pest populations and contributing to biodiversity" The Green Globe have organised an awareness cum interaction program about the importance of Snakes to our environment at Balitara Jagannath Mandir premises. Mr. Biswajit Sharma president have welcome speech and Rajesh Dutta Baruah interact as resource person. Coordinator Pankaj Lochan Deka, Diganta Roy from TGG, Piyush Sharma Snake rescuer, Utpal Kalita, Hirak Rajbongshi, Pramod Kalita, Brajen Das from Elephant Protection Committee present as the members of organizing committee. The people have appreciated the program as they are know many things from this program. They mentioned that such program help to reduce superstitious beliefs about the Snakes bites.
- 15. Free Eye Screening Camp:** Every year, we have been organizing different health camps in community level. This session we had organized various level of health related programs in school and community level. This session we had organized a Free Eye Screening Camp at Tamulpur District in collaboration with Sankardev Netralaya, Guwahati, In this program, all section of people in the region were participated and staffs from Sarkardev Netralaya put their best effort to treat the villagers. There are 72 people benefited through this camp.
- 16. Awareness of E-Waste:** The awareness campaigns on e-waste have been providing by our organization. This is a new concept and many not accept e-waste as waste. The Bin Bag a recycler of E Waste have help us the solve the problem of this hazardous pollutin.
- 17. 'Ek Ped Hathi Ke Naam' Campaign:** This is our own designed slogan to mitigate HEC. The main objective of thr program is to provide Elephant consumable fodder tho their natural habitat. The campaign was launched by Sri Bidyut Bikas Bhawati, District Commisiner, Tamulpur on 12 th June in the year 2024. Presently we are targeting in Indo-Bhutan boarder of Tamulpur and

President Secretary
The Green Globe
Nalbari, Assam

Baksa district of BTR (Assam). In this campaign, we have been getting a massive support from District Administration, local people, organization, etc.

18. Distribution Field Gears to EPC members: We have been distributing shoes and raincoats to our members of Elephant Protection Committee (EPC). As these EPC members have been monitoring the movement of elephants and sharing information to the forest officials to take some necessary steps to reduce HEC. They are very active in field and need some necessary field equipments. So, with the support of Aranyak we have distributed to the grass root workers.

19. World Elephant Day : This day is observed to aware about the elephants conservation and to mitigate the Human Elephant Conflicts. We have been organizing different activities on this day among the people and school students of HEC vulnerable areas. The 25024 World Elephant Day was conducted at Nagrijuli Senior Secondary School and the chief guest was Sri Bidyut Bikas Bhawati, District Commissioner, Tamulpur

20. World Ozone Day :

On the upcoming of World Ozone Day an awareness cum interaction program organised by Regional Office: Kamrup, Pollution Control Board, Assam (PCBA) in collaboration with The Green Globe at Milan High School, Arikuchi, Dist- Nalbari (Assam).

In the open session, PCBA officials Sri Mamoni Goswami, Executive Engineer RO. Kamrup and Biswajit Sharma President TGG, Laba Kumar Deka of The Green Globe (TGG) interacted the students about the day, and why is Ozone layer is important for life. During the interaction the speakers emphasised about the need of sustainable development from any kind of natural conservation. As the entire program was conducted in the Zero Waste Concept and coordinated by Sri Prasanta Choudhary, the Vote of Thank was given by Sri Jitumoni Goswami, Head Master of the School.

21. World River Day : This day is observed to aware about the importance of river for nature conservation. We have been organizing different levels of awareness program on this day about the river conservation.

22. Interaction cum Awareness on Importance of Biodiversity Conservation: We are regularly organized some interact session to aware about the importance of Biodiversity Conservation. There are region wise conservation methods and process are different, to bridge these gaps we have organized these awareness programs.

23. Waste To Wonder Park : In this financial session, we had constructed two Waste to Wonder parks out of waste products, bottles and SUPs. One we had constructed at Morowa Public Water Supply Scheme (PWSS) in collaboration with Public Health Engineering Department (Nalbari Division) and the second one we had constructed In Tihu Town in support of Tihu Municipal Board.

24. Awareness on Honey Bee cum Honey Production : Importance of honey bee for our nature and its honey for our health, that are main motive for us to aware in large scale. We are also help the bee keepers to get their proper market linkage.

President Secretary
The Green Globe
Nalbari, Assam

- 25. Celebration of Eco Friendly/ Green Diwali :** The celebration of Eco Friendly/Green Diwali is our regular activity to aware about the ill-impact of crackers. We always believe that Diwali is the festival of light not the Noise Pollution, and Air Pollution. This session , An Awareness program on Eco Friendly/ Green Diwali was organised by Regional Office, Kamrup: Pollution Control Board, Assam in collaboration with The Green Globe at Rajkadamtal Balika Vidyapith, Sondha-Paikarkuchi, Dist-Nalbari. Shri. Mamoni Goswami, Executive Engineer of Regional Office, Kamrup: Pollution Control Board addressed the audiences about the role of human beings to observe any festival in a sustainable manners. Shri Biswajit Sharma, President The Green Globe interacted the gathering with the help of power point presentation about the need and how to observe Eco Friendly Green Diwali. Shri Chandamita Sarma, Sr. Teacher said the crackers and other materials use to celebrate any festival have been disturbing the nature and others wild- domestic animals are badly affected by these.
- 26. River Bank Cleanliness Drive Program :** This is our regular activity have been practicing in river bank and aware about the importance of the drive to reduce water pollution. We have been monitoring river banks of many rivers during the time of festival seasons, so that we can keep them clean forever.
- 27. Cloth Begg and Cloth Mask Distribution Program:** To aware about the ill-impact of SUPs beg we have been distributed our own designed cloth begg among the people. To aware about the Air Quality Index (AQI) , we have been distributing free cloth masks prepared by our SHGs members.
- 28. World Soil Day:** This day is observing by our organization to aware about the need to keep our soil healthy. As we know only from soil we can produce our food, so this message of Soil conservation have been spreading by our organization by conducting different levels of awareness meeting and programs.
- 29. Awareness Campaign to Eradicate Social Evils:** This campaign we have been organizing to aware the community level people to eradicate social evils. There are lots of social evils prevailing in our society, such type of campaign is much more essential in real sense.
- 30. Awareness cum Training Program on Mushroom :** We are providing training session of mushroom cultivation for those who want to self employ by themselves. We have been organizing different awareness programs to aware about the health benefits of mushroom.
- 31. Awareness Cum Training Program on Natural Holi Colour:** We have been providing free training to prepare Natural Holi Colour and creating awareness about the need to use this natural holi colour in place of chemical ones. We are engaging some SHG members to aware in community level and can do this in commercial level.
- 32. World Wetland Day :** The importance of wetlands for our nature conservation is the main motive to observe this day. As there is need to aware people about the role of wetlands in sustainable development. We have been organizing community level, school level, institutional level awareness program to aware about the need of wetlands in our society.
- 33. Orientation Program on EEP ECO Club In Charged Teachers:** Two days District Level Resource Person Training cum Workshop on Solid Waste Management (SWM), Vermicomposting and

President Secretary
The Green Globe
Nalbari, Assam

Rain Water Harvesting (RWH) and Eco Club Activities under Environment Education Program on 10th and 11th, February, 2025 at Nalbari College, Nalbari, Assam. The programme was organised by The Green Globe, implemented by Assam Science Technology and Environment Council and supported by Ministry of Environment Forest and Climate Change Govt of India. In the programme there was 90 teachers from various schools Eco Club have participated. Eco Club convenor Sjt. Jayanta Thakuria address the programme and urged to support Lifestyle for Environment. Sjt. Kumud Ch Rabha, HoD department of Zoology, Nalbari College had interacted about the importance of vermicomposting, he demonstrated how to setup a vermicomposting unit. The other resource person Sjt. Udit Ranjan Baruah interacted importances about RWH, Sjt. Apasmita Deka and Sjt. Pritee Dutta demonstrated some upcycling items from the waste material, Sjt Achitra Borgohain interacted how management of the Electronic Waste.

Sjt. Laba Kumar Deka interacted what should do and don't, when a snake appeared. Sjt. Pankaj Lochan Deka interacted about the importance of biodiversity (Though this is not in the agenda, the session was taken after demand by the participants).

Sjt. Rajesh Dutta Baruah , Coordinator EEP, Nalbari dist. Explain the EEP and how to initiate the programme in an effective way.

The entire programme was organised by Sjt. Biswajit Sharma and vote for thanks given by Sjt. Hitesh Medhi.

The entire programme was arranged by ZERO WASTE PRACTICES.

#MoEFCC #MissionLiFE #EcoClub #EEP #ASTEC #zerowastepractises.

34. Awareness Program Cum Workshop on Sustainable Lifestyle: Sustainable Lifestyle Workshop organised by Eco Club, Tihu College on 18.02.25. Secretary Rajesh Dutta Baruah joined as a resource person along with Gaurav Bikash Bhuyan, Ashok Medhi and Hitesh Medhi dangoriya. The workshop was presided by Principal Tihu College Dr Suresh Bharali. Baruah interacted about the importance of conservation of Nature for the survival in this planet. He also urged the students and other participants about the #zerowastepractises.

35. All Assam Level 'World Water Day' Posters Campaign: Every year we have been organizing a poster campaign on the occasion of World Water Day. It is a month long campaign in all Assam Level to aware the basic knowledge about the safe drinking water. This campaign for all, specially the grass root level, that is why we have focused to published attractive posters in vernacular languages. This year we had published posters of World Water Day in 4(four) different languages. The languages are Assamese, English, Bodo and Hindi. The main motive in this poster campaign to aware the community level people about the importance and conservation of safe drinking water.

36. Awareness Program on ZERO WASTE Practices:

We have been organizing different awareness program on Zero Waste Practices. All these programs are based on demonstration of some basic knowledge of ZERO WASTE practices. This year Secretary Rajesh Dutta Baruah attended closing ceremony of Sankardev Sishu

*Secretary
The Green Globe
Nalbari, Assam*

Niketan Ratanpur, Gayan Gaon, Majuli on 30st March. Where he urged the public about the importance of ZERO WASTE PRACTICES to protect the World largest River Island. He demonstrated some ideas, that how we can minimise waste. The people of Majuli are very supportive. Thank you Jayanta Madhab Kalita for inviting and give chance to interact to protect the world's largest River Island Majuli. Assam, India. #zerowastepractises #majuli #CMOASSAM.
