Respected friends and well wishers,

It is a moment of profound happiness for me to share and publish our annual activity report for the 9th year 2019-20. The Green Globe continued its journey towards achieving its objectives without much of institutional support from development agencies. The organization over 9 years have understood importance of effective and streamlined documentation procedures and necessary compliance issues needed for its own growth and development of community as a whole.

Over past 9 years organizations effort has been to promote environmental degradation based on air, water and soil. Organization has been observing different day and divas especially related to environment. A part from providing trainings organization has been active in providing market linkages to sell their products in national and state level exhibitions and fairs.

Organization has been active in promoting health and hygiene activities, women right and child welfare program etc. under district of Nalbari district considering its remoteness and poor health infrastructure. The Green Globe has been instrumental in providing medical counseling to villagers through medical and environmental awareness generation camp. Effort of organization would be to raise its capacity and garner institutional support conducting health services projects and save nature in Nalbari district with special thrust on women and child health.

Hope, we achieve our objective earnestly and take our journey forward with active support from all our well wisher and community at large.

With thanks

18-05-20

Assam. Accordingly, the Green Globe organized the programme amongst the School students, local opinion leaders and public in general.

The inputs of the programme were as below:

- a) Prevention of Alcoholism and Substance (DRUGS) Abuse.
- b) Counseling of 18 Nos. of Drugs addicted person.
- c) Anti- Incumbency activities against Drugs abuse.
- d) Publicity to adjoining Paschim Nalbari area.

At last the programme was sum-up and committed every body for prevention of Alcoholism and substance (DRUGS) abuse.

15. YOGA CAMP & TRAINING: Yoga is a system of holistic living, having the roots in Indian tradition and culture. The awareness about Yogic practices is increasing among people from different walks of life, not only for preservation and promotion of health, but also for the management of various diseases. It is felt that the Yoga facility should be made available to more and more people adhering to the classical knowledge, so that people trained in Yoga can derive maximum benefits. Also as popularity of Yoga is growing, the demand for Yoga training is increasing at all levels.

Keeping this view the Green Globe conducted lots of training programme on yoga in the area of Pub-Nalbari Development Block of Nalbari District to instill better habits for positive health outcomes for the citizens of Assam.

16. Awareness Program: The Green Globe organized a lots of awareness programme in this reporting year 2019-20. Basically the Green Globe makes people aware about the major courses of Global Warming, Carbon Footprint, Conservation of Bio-diversity, Reduce Wood made products, Renewable Energy, etc.

The organization has been caring out a status in implementation of various social development activities during the year 2019-20. It has perspective to follow up for social development, which may be developing and help and guidance of well wishers and on the public support. In this ground the organization offers its gratitude to various social units, Government Departments and other agencies offering their moral help and support during the year ended.

Creating awareness for various income generation activities in rural areas is a regular program of the society. House to house approach for self employment has been done in good member of villages.

In this period, The Green Globe solved financial problem and deficit by collection, contribution, membership fees from the members and well wishers of the society. Finally thank again for giving us co-operation and The Green Globe expect in future from every members.
