1. Brief Description of the Organization

The Green Globe is a Non Political, Non- Religious, Non Profit Organization established in 2014 by Rajesh Dutta Baruah with a view of conservation of nature and create livelihood project with the help of needy and poor people. The Green Globe believes that the nature should be conserved in real.

In 8 years of its existence The Green Globe has mobilized not less than 2 Thousand youths, particularly from the rural areas, in different groups with a number of agriculturally based schemes offered mainly by ASTEC government of Assam. The Green Globe has been able to divert mentally pollute youth to a healthy atmosphere full of dignity and work culture.

Our Mission-

To Conserve the Ecosystem, Aware people about climate Change & Global Warming with mass involvement specially children and youth.

Our Vision-

To be passionate towards its mission, provide fair services to its target segments and inculcate passion in save nature towards its activities.

Our Values-

We see The Green Globe to serve & aware more and more people about Nature conservation through livelihood programs

Range of Activities

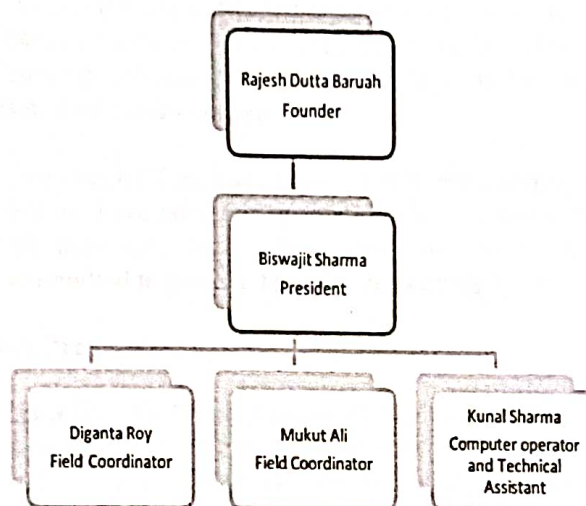

- To create awareness and Conserve Air, Water, Soil and Wildlife
- To create awareness on Plastic Abuse and its ill effects.
- To create awareness on Waste Segregation.
- Plantation, Transplantation and Maintenance.
- Create awareness on Climate Change, Global Warming,
- Awareness on Reducing Carbon Footprint.
- To create employment through locally grown products.

2. Activities Carried out in 2021-22

a. National Green Corps Eco Club Video Documentation

National Green Corps Eco Club under Ministry of Environment, Forest and Climate Change, Govt. of India had selected our district as a best District Nodal Agency in their category so they decided to shoot a documentary based on their activities of the Eco Club in Nalbari District so that they can aware people about the importance of Conservation of Nature

b. Plantation and Maintenance

The Green Globe have been actively participating in the plantation activity but we have been trying our level best to maintain/ nurture those saplings till they turn into fully grown Tree. Moreover, The Green Globe is committed to protect Trees by even transplanting too.

c. Eco Club Programs

As a District Nodal Agency of National Green Corps Eco Club Program under Ministry of Environment Forest and Climate Change, Government of India (MoEFCC), we have been conducting various activities under the Eco Club Calendar. At present, we have around 300 Eco Club enrolled schools. Programs like Observation of all environment related days, Plantation Drives, Cleanliness Drives, Awareness programs on importance of Air, Water, Soil and Wildlife, Curbing the Single Use Plastic, How can we transform the Waste to Wealth etc.

d. Mushroom Unit

We have set up a Mushroom Producing Unit at Kendukuchi village, p.o-Barkhanajan of Nalbari District keeping in view to create awareness about the future's super food Mushroom Cultivation and give livelihood to the local people who are economically backward section of that particular region.

e. Vermi compost Unit

We have also set up a Vermi Compost unit near Kendukuchi village, p.o-Barkhanajan of Nalbari District, Assam to focus the need of Organic Farming and importance of vermi compost.

f. All Assam World Water Day Posters and Badges Campaign

Since 2015, we have been distributing posters and badges at different Institutions, Public Places, Schools General people etc on World Water Day to aware people about the importance of Fresh Water accordingly

President

instructed by United Nations Environment Program. We have been trying to spread this message of Save Water in all Assam.

g. Observation of World Wetlands Day

Every year on World Wetlands Day we organize awareness camp to educate people on the importance on Wetlands. This year we have organized State level Wetlands Day in Association with Assam Science Technology and Environment Council with the theme Wetlands Action for People and Nature at Tihu Girls' High School, Nalbari. A day long cleanliness drive was conducted at Tihu Jaan by the Eco Club Students on 1st February 2022.

h. District Level Workshop and Training Program on Preparation of Eco Friendly Holi Colour/Gulal

We all know about the ill effects of Chemical Holi powder/ Gulal. This Holi powder consists hazardous chemicals such as Lead, Copper, Cadmium, Chromium, Mercury, Nickel, Asbestos and Powdered glass which creates serious health issues and is harmful for Environment. To solve this serious issue we have been organizing workshops on Preparation of Eco Friendly Holi Powder/Gulal with various Self Help Groups and students. This time also we have organized a district level workshop on the same in collaboration with Environmental Information Systems (ENVIS), Assam. This workshop helps to generate livelihood too.

i. River Bank Cleaning Program

From the very beginning we The Green Globe, have been focusing on the issue of Water Pollution. Rivers are one of the major sources of Fresh Water in Assam. Traditionally, Farmers are using river water in paddy fields for irrigation. So we have been trying to create awareness on this issue through our Social Media Handle and different meetings. Parallely, we understand our responsibility of keeping our Rivers clean, so we often organize River Cleanliness Drives.

j. Swachhta Action Plan under National Green Corps

Swachta Action Plan is a program implemented by The Green Globe. In collaboration with Assam Science Technology and Environment Council supported by Ministry of Environment, Forest and Climate Change. We organize awareness meetings on waste segregation and its benefits, Plastic Abuse, Deforestation etc. environment related topics in different institutions. We also organize Anti-Litter campaign, Plantation and Maintenance, E- Waste etc.

k. Activity Under Atma Nirbhar Bharat

Unemployment is one of the Burning Issues of every developing country; India is also facing the same issue. Under Atma Nirbhar Bharat, we make some bamboo products like National Flag badge which we can use in the time of Independence Day and Republic Day, boycotting the China Made Badges. Such type of activity helps our youth to get some employment. We believe that such type of activity helps to showcase their hidden talents.

l. Awareness Program on Sustainable Development

We organize awareness camps on Sustainable Development and its benefits. We aware people about reducing the use of Fossil Fuel, Using Renewable Energy, Cycling for short trips etc.

m. Awareness Program on Reducing Carbon Footprint

In Greenhouse Gases around 76% is Carbon Dioxide. The Carbon Dioxide traps the heat coming from Sun. According to reports, nearly 1000 flights operate in India. Unnecessary use of electronic gadgets, use of fossil fuels is major reason of emitting Carbon Dioxide. Because of this temperature of earth is increasing 2 Degrees every year. We organize meetings where we educate everyone about harmful effects of Carbon Dioxide and encourage them to use Bicycle for short trips, use public transport, not to use Electronic Gadgets unnecessarily and many other Eco friendly Habits which helps reduce the carbon footprint.

n. Awareness Program on Safe Drinking Water, Grey Water Management and Sanitation

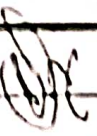

We aware the people about safe drinking water through different meetings in schools, colleges, Social Media handle etc. With plenty of water surrounding us, we don't understand the value of safe drinking water. In such type of Awareness Camp we also highlight about Grey Water Management which is an important point to concern in this present day to day scenario. In the Rural area, we have been organizing some awareness camp to highlight the basic sanitation points which are important in the respective areas.

o. Awareness Program on Plastic Pollution and Eco Brick Preparation

The whole world is trying to solve the problem of plastic pollution. Keeping in view we have been regularly organized some awareness drive about the Plastic Pollution. To solve the problem of Plastic Pollution, preparation of Eco-Brick is the easy to adopt the habit to reduce the plastic pollution and encourage the mass people specially focus on the students to reduce the use of one-time used plastic items.

p. Plastic bag free day:

Each year on 3rd July the world observe as Plastic bag free day to create aware people about the ill effect of single use plastic carry bag. For the first time we also observe this day in collaboration with Kamrup Colloce Chamata, Nalbari. On this occasion to aware the people we have organised an National level online Speech Competition and organised awareness cycle rally.

q. Celebration of Green Deewali

Instead of burning fire crackers we give some (sweets, blankets etc. to the help of hotels) and lower class labour to bring some smile.

r. Celebration of Van Mahotshav:

From 1st of July to 7th July is observed as Van Mohotshav, This year we celebrated this year at village Balikoria, Nalbari District where we have planted more than 300 fruits yielding saplings.

s. Awareness campaign /activity on conservation of River Dolphin:

The State and National aquatic animal of the Genetic River Dolphin critically endangered due to its habitat destruction and loss of food. Therefore we are trying to make people of Dakhin Kamrup and Lower part of mighty Brahmaputra. We have organised several activity to conserve the mammal.

t. Programme on decorative item from waste

We believe that the waste that can't be recycled can be used as decorative items and we can prevent waste from going to landfill. We organise workshops on how to convert waste to decorative items.

u. Right to information Act

For a corruption free society, The Green Globe often takes help Right to Information Act to find out if the Environment related schemes are working well or not.

v. World Environment Day

Every year World Environment Day is celebrated on 5th June. The Green Globe organises meetings on World Environment Day to make people realize importance of this day and importance of Environment by organising cleaning Drives, Plantation Drives and other Environment related Activities.

w. Monitoring National Highway Green Mission

Since 2014, The Green Globe is actively monitoring the plantation work of the National Highway Green Mission and is Filing RTIs against any poor Plantation work.

x. Awareness campaign on Man Animal conflict special reference snake rescue

Major causes of Man Animal Conflicts are Agricultural Expansion, Human Settlement, Overgrazing by Livestock, Deforestation, Illegal Grass Collection and Poaching. The Green Globe tries to aware people about these causes.

y. Working for Conservation of

i) Biodiversity: We have been organising Nature Camp along with the school going students of Class 7 to 10, where we are involve with some environment experts. The main motive of such type of activity is to make them aware about the importance and Conservation of Bio-diversity. It is to make them realise how conservation of Biodiversity can lead us to achieve a sustainable way of living.

Place : Villages- Gobardhona, Kalpani, Salbari
District- Baksa (Assam).

ii) Land Degradation: We have organised some awareness programs on the Natural Farming, where we have been discussing about the ill-impact of increasing use of Chemical Fertilizers in our health and environment. The excessive use of Chemical Fertilizers lead to loss of natural fertility of the soil and its bio-diversity which is the alarming issue we have been ignoring for long. We have also made deliberate attempt in making people aware regarding the hazards of Land degradation as it leads to loss of nutrients from soil, it also leads to various other components getting washed away.

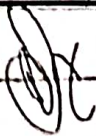

Place: Village- Khuria, Barasal
District- Nalbari (Assam)

iii) Climate Change: We have been organising different activities like Bicycle Rally, Awareness Camp, Talk on Carbon Foot Print, Smart Use of Fossil Fuel, etc., where we have been discussing about the most important topic of 21st Century 'Climate Change'. We are trying to aware the people about the need of Sustainable Development to Combat Climate Change. We are also trying to make people learn about the ways to conserve our forests through ways of afforestation & taking measures to conserve the planted trees.

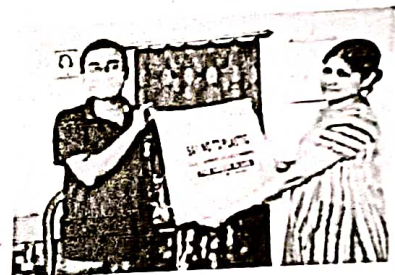

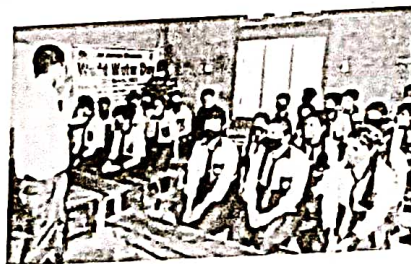

Districts Covered – Nalbari, Baksa, Kamrup (R), (Assam).
